

# Water Data & Science Committee

**Goals:** *Educate ICWP members on current data and science trends and advocate support for data and science programs at the national level.*

## **JOIN THE COMMITTEE!**

Email: [beth@icwp.org](mailto:beth@icwp.org)

For meeting minutes, resources and links to recordings, access the **Members-Only Portal** via our website: [www.icwp.org](http://www.icwp.org).

An aerial photograph of a river winding through a valley. The river is dark blue and flows from the top of the frame towards the bottom. The valley is filled with green fields and brownish hillsides. At the bottom of the frame, a city with a grid of streets and buildings is visible, situated near the river's bend.

# 2025

## WORK PLAN

- 1) Review federal data, forecasting and modeling products
- 2) Analyze complimentary/duplicative federal efforts
- 3) Integrate ongoing drought considerations into the committee's work

## COMMITTEE MEETINGS

**4TH WEDNESDAYS OF THE MONTH**  
**1:00 PM EST**
